

Registered participants presenting their work at VI Polish Conference on Nanotechnology will have the possibility to publish full papers in the following journals:

1. Polish Journal of Chemical Technology,
2. Nanocontainers,
3. Journal of Nanomaterials.

**Only the contributions recommended by the Scientific Committee will be considered.** The manuscripts will undergo the journals' standard peer review procedures.

Polish Journal of Chemical Technology

<http://www.degruyter.com/view/j/pjct>

IF 0,337

The journal is devoted to chemical technology and engineering, environmental protection, biotechnology and nanotechnology.

Polish Journal of Chemical Technology is an Open Access journal. Publication of manuscripts is free of charge.

**Manuscripts submission deadline: 20th September 2013.**

Nanocontainers

<http://www.degruyter.com/view/j/nanco>

Nanocontainers is an interdisciplinary journal devoted to both theoretical and experimental studies on fabrication, structural characterization and performance of nanometer-sized and/or nanostructured materials.

Nanocontainers is an Open Access journal. Publication of manuscripts is free of charge.

**Manuscripts submission deadline: 20th September 2013.**

Journal of Nanomaterials

<http://www.hindawi.com/journals/jnm/>

IF 1,376

Selected manuscripts will be published in a Special Issue of Journal of Nanomaterials entitled **"TYTUŁ NUMERU"**.

Journal of Nanomaterials is an Open Access journal. Publication fee is 1200 USD.

**Manuscripts submission deadline: 20th September 2013.**
